Introduction

It is the policy of Mid-Michigan Leadership Academy to: (a) prevent user access over its computer network to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications; (b) prevent unauthorized access and other unlawful online activity; (c) prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors; and (d) comply with the Children's Internet Protection Act [Pub. L. No. 106-554 and 47 USC 254(h)].

Definitions

Key terms are as defined in the Children's Internet Protection Act.

Technology Protection Measures

A Technology Protection Measure is a specific technology that blocks or filters Internet access. It must protect against access by adults and minors to visual depictions that are obscene, involve child pornography, or are harmful to minors. Currently Mid-Michigan Leadership Academy is using an open source filtering service by Dansguardian.

Access to Inappropriate Material

To the extent practical, technology protection measures (or "Internet filters") shall be used to block or filter Internet, or other forms of electronic communications, access to inappropriate information. Specifically, as required by the Children's Internet Protection Act, blocking shall be applied to visual depictions of material deemed obscene or child pornography, or to any material deemed harmful to minors. Subject to staff supervision, technology protection measures may be disabled or, in the case of minors, minimized only for bona fide research or other lawful purposes.

Inappropriate Network Usage

To the extent practical, steps shall be taken to promote the safety and security of users of the Mid-Michigan Leadership Academy online computer network when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications. Specifically, as required by the Children's Internet Protection Act, prevention of inappropriate network usage includes: (a) unauthorized access, including so-called 'hacking,' and other unlawful activities; and (b) unauthorized disclosure, use, and dissemination of personal identification information regarding minors. Supervision and Monitoring It shall be the responsibility of all members of the Mid-Michigan Leadership Academy staff to supervise and monitor usage of the online computer network and access to the Internet in accordance with this policy and the Children's Internet protection Act. Procedures for the disabling or otherwise modifying any technology protection measures shall be the responsibility of Mid-Michigan Leadership Academy Network Administrator or designated representatives.

INTERNET SAFETY RULES

On the network, I will only use my own login username and password.

I will not look at, change or delete other people's work/files.

I will ask permission before entering any website, unless my teacher has already approved that site.

I will only send e-mail which my teacher has approved. I will make sure that the messages I send are polite and sensible.

When sending e-mail I will not give my name, address or phone number or arrange to meet anyone.

I understand that I am not allowed to enter Internet Chat Rooms while using school computers.

If I see anything I am unhappy with or I receive messages I do not like, I will tell a teacher immediately.

I understand that if I deliberately break these rules I could lose my privilege in using the Internet.
